MAYSVILLE, KY., MONDAY, AUGUST 2, 1897.

NUMBER 213.

MINERS ON THE MARCH

Strikers Assembling Around Dearmit's Mines.

MONSTER MEETING WILL BE HELD.

The Sheriff Says He Will Not Interfere With the Strikers as Long as They Act Orderly—Strikers Leaders Confident That the West Virginia Miners Will All Come Out—Strike Situation.

PITTSBURG, Aug. 2.—Marching miners from all over the district are converging toward Camp Determination, and if all those reported as being on the march reach the scene before 11 o'clock there will be at least 6,000 diggers present at the big meeting which is scheduled for that hour at McCrea's schoolhouse. The miners expect 8,000 to be on hand.

The borough of Turtle Creek experienced the liveliest day in its history with its large transient population of miners and curious visitors, but the day passed without trouble of any kind. Burgess Teats of the borough visited the miners' camp and stated he had no reason to order the crowd to disband, and as long as peace prevails he will not disturb them.

There was a complete shift in the make-up of the campers yesterday. The men from the Wheeling division of the Baltimore and Ohio, who have been on guard ever since the big movement against the Dearmit men was inaugurated, left during Saturday night for their homes at Finleyville, Gastonville, Snowden, Whitehall and Banksville. These same men, after reaching home and recuperating somewhat, have formed new divisions and are returning to the seat of war in order to attend the big meeting.

While the old guard was flitting new men were taking their places, and took charge of the watch that is to be kept up until all of the New York and Cleveland men quit work.

Saturday's guard was noticeable for the absence of foreigners. The gathering on watch today is just the reverse and is composed almost entirely of the foreign element, which is much more excitable than the others and much harder to control. This phase gives to the situation a more serious aspect.

Over 1,000 weary strikers are quartered at Camp Determination, and about 100 at Camp Desperation, and about 400 lounged about the hills above and around Turtle Creek.

When the first batch of 650 marchers arrived on the scene yesterday they were very hungry and clamored for food. There were provisions enough left for 200 men and a grand rush was made for the provision wagon, and the result was many went hungry. About this time Organizer Miller arrived on the scene and announced that a Pittsburgh baker had donated 1,000 loaves of bread and a grocer had given a dozen cheese. To prevent another rush, Miller organized a guard, and all were satisfied for the time being. As large donations of food have been promised, there is not likely to be a repetition of this scramble.

Among the most prominent visitors at the miners' Turtle Creek camp yesterday were General John Little, president, and Joseph Bishop, secretary of the Ohio state board of arbitration. They are ready to solicit signatures to the uniformity agreement and were present to get the status of affairs among the strikers. General Little expressed some surprise at the demonstration. He said he had often seen miners on a strike in the Buckeye state, but never had seen them assembled under such circumstances. He said he was pleased with the apparent manifestations of peace.

Sheriff Harvey A. Lowry spent the afternoon in Turtle Creek consulting with his deputies. Chief Deputy James Richards was in the district all night. Sheriff Lowry said that he would not interfere with the strikers in holding meetings if they acted orderly. He will not allow them to go on the property of the New York and Cleveland Gas Coal company, nor will not allow them to act disorderly while marching on the road.

Secretary Warner says the miners' officials have decided to bring an action in equity against Sheriff Harvey A. Lowry, asking for an injunction restraining that official from executing the provisions of the proclamation. He said the proclamation was in violation of law, and they would go into court to have that point settled.

"I believe the proclamation is illegal," said Warner, "and we are going to try and find out if the sheriff has a right to interfere with a peaceful assemblage."

SURPRISE IN WEST VIRGINIA.

More Men Will Come Out and It Is Believed All Will Follow.

FAIRMONT, W. Va., Aug. 2.—"There is a surprise in store for the operators of this region," said Joseph W. Rea last night. "Inside of 48 hours there will be several additions to the men already out."

There is more in Rea's words than many people think. He has been here since last Wednesday and has had two or three meetings each day; not in the usual way, but has quietly gone to some schoolhouse or public hall and the miners have gathered there as if by magic. Rea says he is highly elated over the prospects and thinks West Virginia will yet come out.

Mahon telegraphed from Charleston yesterday that the Kanawha and New River men had struck for 50 cents a ton and a check weighman. Rea says he intends to call on special judge John W. Mason, who granted the injunction, and that he wants to know what the judge means. He does not know

whether the injunction attempts to keep him from holding meetings in the public roads or not.

There are more signs now of a general laying down of picks than there has been since the strike began. None of the operators have contracts of more than 10 days in length, and the men say if they do not come out the other miners will go back and they will return to the 25-cent rates.

ENCOURAGING TO THE STRIKERS. Less Coal Coming Out of the Fairmont Region Than There Was Last Week.

WHEELING, Aug. 2.—There has been a decrease in the amount of coal coming out of the Fairmont region on the Baltimore and Ohio road compared with the same period last week. Last week the average number of cars received at Bellaire was 200, now the average is probably not over 100. Last week the Wheeling and Lake Erie was handling 75 to 100 cars daily, now not more than 50 cars are handled. The Cleveland, Lorain and Wheeling comparison is the same as the Wheeling and Lake Erie.

In the Wheeling district the condition is full of uncertainty. The break at Boggs Run has made it very difficult to keep the men at Glendale, Moundsville and Elm Grove out. Some are working now, but this week will witness a desperate effort to make the suspension general throughout the district. The operators claim to be sure of their ability to keep at least half of their usual number of men at work.

Interest in West Virginia is centering on the "miners' day" demonstration recommended at the late Wheeling conference of the labor leaders of the country. Although the assignments of speakers have not yet been made by President Gompers of the American Federation of Labor, it is said he will send his best men into this state with the hope that a result of the demonstration will be the tying up of the mines throughout the state. At the Wheeling meeting it is probable Mahon, who is in charge in West Virginia, will be the principal speaker.

MONEY MUST BE FORTHCOMING.

United Labor League of Pittsburgh Held a Sympathetic Meeting.

PITTSBURG, Aug. 2.—Last night a largely attended meeting of the United Labor league was held to take action concerning the miners' strike. The labor unions of Allegheny were well represented by delegates, who took active parts in the proceedings. Addresses were made by President Dolan, Secretary Warner and Organizer Miller, of the miners' officials, and by Mrs. N. G. Jones, who became prominent as an agitator during the American Railway union troubles in Chicago. She will be one of the speakers at the big meeting on Thursday.

The gist of the miners' officials' speeches was that money, and quite a good sum, must be forthcoming at once if the strike is to be continued. They made forcible appeals to their fellow-unions, and the result was the appointment by the league of a committee to represent the matter to the different organizations with the end in view of securing the necessary sinews of war for the strikers.

A set of resolutions were adopted expressing hearty sympathy for the strikers, calling on all union workmen to come to their relief, and roundly denouncing the action of Sheriff Lowry in commanding the strikers to not assemble on the highways of the county. This proclamation they consider a vital abridgement of the rights of peaceful citizens.

Bridge Near Dillonvale Burned.

BELLAIRE, O., Aug. 2.—A large bridge spanning Big Short creek on the Wheeling and Lake Erie railroad, between Long Run and Dillonvale, was destroyed by fire, so trains could not be sent out over the road.

PUDDLERS' SCALE AGREED UPON.

Iron Manufacturers Have Their Say at a Youngstown Conference.

YOUNGSTOWN, O., Aug. 2.—It was daylight yesterday morning before the iron manufacturers and the puddlers of the Amalgamated association conference committee agreed on a scale for puddling.

There were 25 puddlers on the Amalgamated committee of 100, and the puddlers had the say about accepting or rejecting the proposition directly affecting them.

The puddlers made several attempts to effect a compromise and obtain \$4.25 a ton for puddling, but the manufacturers positively refused to recede from their demand for a reduction from \$4.50 to \$4. When the puddlers held their last secret meeting to consider the matter, the vote stood 13 to 12 in favor of taking the whole reduction, and this portion of the difficulty was at an end.

The new scale adopted is as follows:

\$4 a ton on 1-cent card rate; \$4.25

on 1-10 card rate; \$4.75 on 1-3-10 rate;

\$5 on 1-4-10 rate, and \$5.25 on 1-5-10

rate, a 1-cent card rate meaning when bar iron is selling for 1 cent a pound.

Found Dead on the Street.

SHEBOYGAN, Wis., Aug. 2.—William J. Mallin, a well known business man and chairman of the Republican county committee, was found dead on the street yesterday morning. While walking to his home he was stricken with apoplexy. His body lay in the driving rain all night, and when found in the morning was hardly recognizable. He was the presidential elector from this district during the recent campaign.

Lightning set fire to and almost completely destroyed De Pauw college at New Albany, Ind. It was a noted institution of learning for women. It is doubtful whether it will be rebuilt.

HAVANA ATTACKED.

The Insurgents Raid a Suburb of That City.

STORY TOLD BY AN EYE WITNESS.

The Engagement Was Short and Desperate—Forty-Nine Spaniards Were Killed and One Hundred and Twenty Wounded. Two Cubans Killed and Forty Wounded. Weyler Grants Amnesty to Exiles.

TAMPA, Fla., Aug. 2.—The story telegraphed from Havana last week about an attack by insurgents on the suburbs of that city is confirmed by passengers who left Havana on the Plant line steamer Mascot Saturday and arriving here last night. Among the number was Senor Calbajar, a wealthy Spaniard and his wife and daughter, who are now to be reckoned among the refugees who have fled from Havana. The attack referred to was made on the little village of Marnanao, about 10 miles southwest of the city, and the terminus of the antiquated and dilapidated Marnanao railroad.

Senor Calbajar was an eyewitness of the raid on Marnanao. He says that the attack was led by Ealdemeroa, Costa, Juan Delgado and Hernandez. The insurgent chiefs left 50 of their troops outside of the town and carried in 300 to the attack. They were well armed with dynamite rapid-fire guns and met with but slight resistance. The engagement was short and desperate. Forty-nine Spaniards were killed and 120 wounded; two Cuban were killed and 40 wounded. The inhabitants of the town fled for their lives, leaving the insurgents in complete possession. They sacked the place and secured \$40,000 in gold, besides a large quantity of supplies that they could not carry away.

Other passengers tell about the same story of the affair.

Senor Calbajar says that the wildest terror reigns in Havana and that the well-to-do inhabitants are leaving as fast as local laws will permit.

WEYLER GRANTS AMNESTY.

Dr. Montalvo and About 1,600 Exiles Are in Luck.

MADRID, Aug. 2.—Captain General Weyler has telegraphed the government from Havana that he has decided to grant amnesty to 1,600 exiles, including Dr. Montalvo, and denies the American dispatches in which it is stated that the Cubans are using artillery against the outposts of Havana.

Captain General Weyler has signed a pardon of Dr. Jose Rafael Montalvo, a leader of the Autonomist party; Antonio Escobas, former editor of La Discussion; Tomas Alfonso, Enrique Carrillo and 41 other persons exiled to Chacarinas and Fernando Po penal settlements. The Spanish mail steamer has returned to Spain with General Lono, 88 officers and 780 sick and unavailable soldiers.

Could Not Be Interviewed.

NEW YORK, Aug. 2.—Captain Selva and Mate Lewis of the filibuster "Three Friends," now held by the United States authorities at Jacksonville, Fla., arrived here from that city yesterday afternoon. They were released on bail of \$10,000. There is only a partial insurance on the ship.

AN INCENDIARY FIRE.

A Hundred Thousand Dollars' Worth of Property Destroyed at Ottawa, Ills.

OTTAWA, Ills., Aug. 2.—The Pioneer Fire Proof Construction company's plant, the largest of this kind in the world, was partially destroyed by fire yesterday afternoon, entailing a loss of \$100,000. There is only a partial insurance on the ship.

The large grain elevator of J. N. Shuler was burned to the ground yesterday morning. Loss, \$6,000; insurance, \$3,000. It is now thought that this building was also set on fire.

Had there been any breeze at the time of either fire, the city of Ottawa would have been almost wiped out, as both buildings were situated close to the business center.

MAN SHOT WITHOUT PROVOCATION.

The Victim Probably Mistaken for Another Person.

TERRE HAUTE, Ind., Aug. 2.—At Hillsdale, Ind., about 20 miles north of here, James McLaughlin shot and instantly killed Joseph Robson. McLaughlin and Robson were in a saloon when, without provocation, the former drew a revolver and fired three bullets into Robson's breast. McLaughlin escaped.

One report is that McLaughlin had sworn to take the life of a man who had caused McLaughlin's father to commit murder, and Robson was mistaken for that man. McLaughlin married a rich woman several years ago and has since been spending money recklessly. Excitement is at fever heat.

CLEVELAND, Aug. 2.—Thomas Cushing, a moulder, aged 33 years, yesterday afternoon stood before the mirror in his room at a boarding house and cut his throat with a razor. When taken to the operating room on the third floor of the hospital he made a rush for a window and threw himself out, falling 50 feet to the roof of the engine room. His body crashed through the skylight, struck an iron bar in its descent and rolled to the floor of the engine room. Cushing is still alive, but it is believed he will die.

TROUBLE FOR GOLD SEEKERS. Canadian Duties Too High and Officers Will Be Defeated.

SEATTLE, Wash., Aug. 2.—There is almost certain to be trouble between American miners going over White Pass into the upper Yukon basin and Canadian customs officers. These officers, four in number, went north on the steamer Islander from Victoria Thursday.

When they reach Dyea they will find over 1,000 gold hunters scattered between the head of Lynn canal and the summits. They will attempt to collect duty on the outfit, clothing and provisions from these men, averaging 10 per cent ad valorem to 35 per cent specific duty. In many cases, perhaps in the most, the payment of this duty, ranging from \$25 to \$100 per man, would so cripple the gold hunters financially as to incite a refusal to pay.

With hundreds of determined hot-headed fortune hunters on one side and a handful of customs officers on the other, the chances are strong for trouble.

The purpose of the Dominion government to collect duty from miners going into the Northwest territory has excited the people of the coast to a point of hostility. The policy is entirely a new departure in administration of affairs in the north of Canada, and is distinctly in contrast to the policy of liberality heretofore pursued.

So worked up are the people of Seattle that a public meeting was held at the Chamber of Commerce here to take action on what many condemn as an outrage. The meeting was addressed by ex-Senator John B. Allen, who was made chairman of a committee of prominent men to formulate a remonstrance to the federal authorities at Washington. The United States government will be asked to disestablish the subport at Dyea, a step recently taken by the state department as a concession to Canadian vessels engaged in carrying Americans to Dyea in competition with American ships sailing from Puget sound and the Pacific coast. The concession was a direct benefit to Canadian vessels and is an injury to American merchantmen. This is the light in which the matter is viewed here.

The demand that the subport be abandoned will not be made as a retaliatory measure wholly, although the present attitude of the Dominion government is taken as an indication of its failure to appreciate the favor conferred by the United States in making a subport of Dyea.

A letter received here from a former Seattle man now at Dawson City says that claims are staked out for 150 miles in all directions from Dawson City. It is utterly impossible to get a location in any of the rich streams in the district. The good ground is all taken, and the thousands that go into the country this winter will be forced to prospect new territory.

This will result in opening new mining districts in Alaska, where are countless rich streams which have never been troubled with the sluice boxes and gold rockers of the miner.

Fell Into a Flywheel.

COLUMBIA, S. C., Aug. 2.—Yesterday afternoon H. B. Owens, foreman of The State, newspaper of this city, met with a fearful accident in the engine room, from the effects of which he died a few hours afterward. He was slipping a pump belt on, when his feet flew from under him and he fell, head first, into the 5-foot flywheel of the engine. His arm and head went through and were crushed between the framework and the spoke of the engine. His neck was dislocated.

Large Crop of Hay.

CANAJOHARIE, N. Y., Aug. 2.—Reports received from New England, middle and western states by the Hay Trade Journal show the conditional average of the hay crop to be 94, that of the whole country 92 1-2, with 2 per cent increased acreage, indicating the largest crop grown in many years. On this account it is thought there will be a large attendance at the National Hay convention to be held at Pittsburg on the 10th, 11th and 12th of this month.

Potters Want an Advance.

TRONTO, Aug. 2.—The working potters of this city held a mass meeting last night at their clubhouse and decided to ask the manufacturers for a restoration, within 60 days, of the 12 1-2 per cent cut in their wages made in 1894. The men claim that the increased tariff rate on pottery made by the Dingley bill justifies their request. A committee of the men will seek a conference with the manufacturers this week.

Ex-Senator Doolittle Buried.

RACINE, Wis., Aug. 2.—The remains of ex-United States Senator James Doolittle were laid to rest in Mount cemetery yesterday afternoon. Services were held at the First Baptist church, Rev. David B. Cheney preaching the sermon. Between 3,000 and 4,000 people followed the remains to the tomb.

Fatal Accident to a Bus Party.

ATLANTIC CITY, Aug. 2.—While ex-Postmaster James S. McKean and his friend, R. Wilson of Pittsburgh, were riding in a bus driven by a Mr. Bullock, yesterday, the kingbolt of the vehicle pulled out and it toppled over. Bullock was killed, Mr. McKean was severely cut and bruised. Conductor Anderson and the baggage and express men suffered painful bruises, but all the passengers escaped serious injury. Clover and Rowan were sent to an hospital in Kansas City.

HOT WEATHER IN KANSAS.

Over a Hundred Degrees Prevail and the Corn Crop Is Suffering.

KANSAS CITY, Aug. 2.—All Kansas City and vicinity sweltered again yesterday through the third torrid successive day of over 100 degrees of heat. The government weather bureau reports show that 100 degrees and over prevailed from 2 p. m. until after 5 o'clock yesterday evening, the maximum being at 4 p. m., when 102 degrees was recorded. At 7 o'clock the reading was 95 degrees.

HUNDREDS DROWNED

MONDAY, AUGUST 2, 1897.

DEMOCRATIC TICKET.

[Election, Tuesday, November 2nd, 1897.]

For Clerk of the Court of Appeals.
S. J. SHACKLEFORD.

For Circuit Judge.
JAMES P. HARBESON.

For Commonwealth's Attorney.
JAMES H. SALLEE.

For Representative.
JAMES E. CAHILL.

For Circuit Clerk.
ISAAC WOODWARD.

For County Judge.
CHARLES H. NEWELL.

For County Clerk.
CLARENCE L. WOOD.

For County Attorney.
FRANCIS P. O'DONNELL.

For Sheriff.
SAMUEL P. PEIRINE.

For Superintendent of Schools.
G. W. BLATTERMAN.

For Jailer.
I. L. MCILVAIN.

For Coroner.
JOSEPH D. WOOD.

For Assessor.
C. BURGESS TAYLOR.

For Surveyor.
OLIVER HORN.

For Justice of the Peace.

First District—Wm. B. Grant.

Second District—

Third District—John J. Perrine.

Fourth District—John J. Thompson.

Fifth District—

Sixth District—Wm. H. Rice.

Seventh District—John Ryan.

Eighth District—M. D. Farraway.

For Constable.

First District—S. D. McDowell.

Second District—

Third District—J. G. Osborne.

Fourth District—W. L. Woolward.

Fifth District—Robert W. Alexander.

Sixth District—Wm. Tuggee.

Seventh District—

Eighth District—Gins L. Tolle.

INDICATIONS.—For Kentucky—Generally fair; continued high temperature.

BUT'ER CURRAN, of the Dover Messenger, is very extravagant in his predictions. He says Mr. Dearing will defeat Judge Harbeson by 800 majority. Our Dover friend seems to have forgotten that Judge Harbeson defeated the ablest Republican in the district a few years ago by a handsome majority, and the Judge is in a position to make a stronger race now than he did then.

GOV. BRADLEY will demand an endorsement of his administration by the Republican convention to be held in Louisville August 10th as the price of party harmony. If that should be withheld it is said there will be a hot time in the Republican camp. It is conceded the Hunter-Deboe crowd will control the convention, and one can easily imagine what an endorsement they will give Gov. Bradley.

The only beneficiaries of the duty on hides, it is declared by Chicago men engaged in the leather and shoe trade, will be the beef syndicate. The farmers will never learn of the duty by experience. But consumers will hear of it, small as it is. The tax was put through by the big beef packers, and it is of no benefit to the manufacturer, the jobber, the retailer or the consumer. The shoe interest in Massachusetts takes the matter quite philosophically. A leading journal of that State says "some of the shoe manufacturers are engaged in overcoming the disadvantage as respects the duty on hides in the export trade by reducing wages." Protection for the benefit of the beef trust cuts the wages of the shoe mechanic.

The Courier-Journal in its issue of January 11, 1886, upheld Mr. Carlisle in his stand against eastern trickery. It said: "While Mr. Carlisle was making up the House committees he received a large number of letters from persons in the West and South urging the formation of such a committee on coinage as would suspend further coinage of silver dollars. The letters were strikingly similar in the arguments advanced and a slight investigation developed the fact that they were the result of a scheme born and nursed in New York City. Your eastern publicist is an eminently smooth citizen, but occasionally gets caught up with. These letters had no effect upon the Speaker." And this same C.-J. has now joined these eminently smooth citizens of the East in their war against silver.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at J. James Wood's drug store.

HERE'S ECONOMY.

A City's Garbage Turned Into Electric Light—No Coal Or Other Fuel Used.

LONDON, July 30.—The twin questions of municipal lighting and the disposal of garbage have been solved in a manner that will arrest the attention of reformers and municipal authorities throughout the civilized world by the vestry or town council of Shoreditch, the most populous of towns which go to make up the metropolis of greater London, and during the coming week the system will be inspected by and explained to over two hundred representatives of English and continental cities. In brief, and avoiding technical details, the district has had for a month in successful operation a garbage destroying and electric lighting plant, each working in connection with the other.

The plant consists of destructor cells capable of burning 2,000 tons of garbage box and ash bin refuse per month, the heat given off being sufficient not only to provide the electric light and power for the whole of Shoreditch, with a population of 150,000, but of providing heat for the public baths and wash-houses. Heretofore the municipality has paid nearly a dollar a ton to bargemen to carry the garbage and refuse out to sea and sink it, while the cost of providing heat for the baths has averaged \$5,000 a year. Through the same plant the sewers are ventilated, effecting another saving of \$5,000 annually.

No coal or other fuel of any description save the garbage and refuse is used to operate the plant. The enterprise also threatens the collapse of the gas companies supplying the district, the municipality having fixed the price of the electric current at 4 cents per unit for the daytime and 8 cents for night.

Even at this nominal figure the profits will be so large that a public library, museum and technical institute are to be erected out of the receipts for the first two years at a cost of half a million dollars. The highest pressure of steam so far raised in the boilers from the garbage is 200 pounds.

WHAT TO EAT.

Healthful Dishes That Can Be Prepared With Little Fire.

"During the hot months," writes Mrs. S. T. Rorer, in the August Ladies' Home Journal, "the diet should consist largely of dainty, cold, lean meat, green, succulent vegetables and fruits. It is a popular fallacy that the free use of sub-acid fruits during hot weather causes disturbance of the bowels. No diet is more healthful than ripe fruit, provided it is properly masticated and swallowed before or after bread and butter, but never with it.

The lighter wheat preparations, such as farina, wheatlet and glutena, should be substituted for the heat-giving oatmeal for breakfast. Cook enough one morning to last two, as they are just as palatable cold as they are hot. While fried food may seem a little out of place in the warm weather there are certain light dishes that may be utilized for breakfast.

Cornmeal or hominy croquettes, or even rice croquettes, may be made the day before and simply fried at serving time. Squash and cucumbers may be dipped and fried. In the chafing-dish one may have chipped beef, creamed or fricasseeed barbecue beef, cold meat warmed in a little tomato sauce, and dishes of eggs, such as omelets, scrambled eggs, creamed eggs or poached eggs.

"Fruit that is very acid should not be served too cold. Powdered sugar and cream should accompany the fruit course.

In the place of chops or steaks we may have eggplant, boiled or fried tomatoes, panned tomatoes, a dainty omelet with peas, omelet with asparagus tips or with parley, following the fruit. Corn oysters and corn fritters may also take the place of meat. Coffee, tea, chocolate and milk are, of course, in summer, as in winter, the breakfast beverages."

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida street, San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at J. James Wood's Drug store. Regular size 50c. and \$1.

Park Theatre.

Entire change of program this week. To-night the laughable farce comedy, "The Cotton Broker," will be presented, in conjunction with specialties by the entire company. Go out and see the big show to-night.

ROYAL
BAKING POWDER

**BAKING
POWDER**
Absolutely Pure.

Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms of adulteration common to the cheap brands.
ROYAL BAKING POWDER CO., NEW YORK.

FIRE INSURANCE.—J. C. Everett.

The fair at Richmond last week is said to have been one of the most successful in the history of the association at that place.

The Chamberlin and Hygeia Hotels the most noted of any along the Atlantic Coast offer reduced rate of \$2.50 per day to holders of tickets via the C. and O. popular priced excursion of August 11th.

During the storm at midnight last night, lightning struck a two-story frame house on East Fourth street belonging to Col. Charles Phister. A window sill was knocked out, the sponte torn down and the foundation loosened at one point. Beyond this no damage was done.

EDITOR SAM J. ROBERTS, who was appointed Internal Revenue Collector for this district, will not take his office until October 1, as it is said, he has no desire to disturb Collector Shelby until the expiration of the four years to which Mr. Shelby's father was first appointed.

Mr. ROBERT RINGO, one of Fleming County's old and esteemed citizens, an uncle of Mrs. John E. Wells, of Forest avenue, died Saturday morning, aged seventy-one years. He was paralyzed last spring and had been failing ever since. A brother of deceased died two weeks ago.

THE MILLERSBURG correspondent of the Paris Kentuckian says: "Miss Willie M. Watson, of Maysville, niece of Mr. and Mrs. James Arthur, was handsomely entertained last Wednesday evening at their home near town. Mr. and Mrs. Arthur are noted for their hospitality, and certainly know how to make young and old have a good time."

Is the distribution of patronage in the First Congressional district of Tennessee Peter Yoakley was a few days ago appointed postmaster at Wahoo, a country place, presumably in accordance with a promise made by Congressman W. P. Brownlow last fall. The Congressman has not yet received a letter of thanks, etc., for Mr. Yoakley has been dead two months.

THE TRANSFERRING of the C. and O.'s freight business to the company's new depot has resulted in some changes at the L. and N. depot. Mr. E. H. Binzel will continue as the agent of the L. and N. at this point. His brother, Mr. Alvin Binzel, will be chief clerk and operator; Mr. Charles Collins will be foreman of the freight house and Mr. Patrick Ryan baggage master.

A COMPANY composed of business men of Cynthiana has been formed for the control in this State of the Darby Hydro Carbon Gas Burner, which is an invention for the application of ordinary coal oil to all kinds of heating and cooking stoves, furnaces and grates. It has been thoroughly tested, and has given excellent satisfaction, is said to be safe and as economical as coal. Agents will be here within a few days.

THE STATE BOARD of Assessment and Valuation held a long session at Frankfort Friday morning, assessing the franchises of the street car, electric light, bridge, gas and other big companies. The biggest assessments passed on were on the Louisville & Jeffersonville Bridge Company. For this year they pay on \$1,186,400 franchise and property tax, and on the Covington & Cincinnati Bridge Company at \$902,070.

THE BULLETIN acknowledges the receipt of a complimentary to the grounds and dining hall during the approaching camp meeting at Parks Hill. The meeting begins August 5th and continues until the 16th. Rev. Dr. W. T. Bowling, of Mississippi, will have charge of the services, assisted by Rev. Harry Henderson, of Winchester, and Rev. W. G. Briggs, of Owensboro. Among the singers to be in the choir are Mrs. Bettie Keeler, Miss Maud Daerle, of Carlisle, Frank Crookton, of New York, Misses Katherine Coolidge, Cincinnati, Maud Tuliaferro, Falmouth, and Prof. D. J. Wiuston. Wyatt Insko will be cornetist. The L. and N. will give low rates during the meeting.

CONFIDENCE LODGE No. 52, F. and A. M., will meet to-night. Work in M. M. degree. A full attendance desired. All brethren of other lodges cordially invited.

We Have

The best dollar Corset in town, made of fine white Coutil silk, stitched with silk embroidered edge stiffened with flexibone, which stands the hardest strains without breaking. After four months' trial we will cheerfully refund money if the Corset has not satisfied. Doesn't such confidence in our goods beget confidence in yours?

WE HAVE a line—not very large—of Plaid Taffeta Ribbons, was 60c. and 80c., but are regularly priced 50c. and 60c., which we have marked 25c. You never had a chance at a bigger Ribbon bargain.

WE HAVE Gloria Silk Umbrellas, Paragon frame, steel ferrule, natural wood handle, twenty-six and twenty-eight-inch size. Sun won't fade them nor rain stain them. \$1.00, \$1.19.

WE HAVE the prettiest and best line of \$1.00 Kid Gloves in the market. Glace kid, stitched black, button clasp fasteners, black, cream, white.

WE HAVE Women's Hosiery in black and in tan for 25c. that few can equal and none surpass. Soft, even threads, ribbed and plain, colors warranted, long wear assured.

D. HUNT & SON.

TRAGIC SABBATH AT CARLISLE, IND.
Four People Drowned and One Killed by a Freight Train.

TERRE HAUTE, Ind., Aug. 2.—Yesterday was a tragic Sabbath for Carlisle, a town about 30 miles south of here. Four of her citizens were drowned at Hyatt's Ferry in the Wabash river and one was ground to fragments by an Evansville and Terre Haute freight train. The dead are:

Mr. and Mrs. Grant Hammond.

Mr. and Mrs. Abner.

Charles Hines.

The first four were seen to go in bathing and later their clothing was found on the river bank. It is believed one of the women was seized with cramps and the others were drowned in trying to rescue her.

Charles Hines was found shortly after daylight lying close to the railroad track at Carlisle. The head was crushed, the right hand torn off and the body almost severed. It is thought Hines fell from the train while stealing a ride.

Grand Seashore Excursion to Old Point Comfort.

The most attractive of all excursions announced by the C. and O. route for regular trains leaving Wednesday, August 11th, is to Old Point Comfort and return. The scenery of the Chesapeake and Ohio is noted for its variety and beauty. The route is replete with points of historic interest and excursion tickets will be good for stop over at Hot Springs, Va., White Sulphur Springs, W. Va., Richmond, Va., and numerous mountain resorts. Twelve dollars round trip from Maysville. Tickets good fifteen days.

Unexpected in Washington.

WASHINGTON, July 30.—The withdrawal of \$2,300,000 to-day in gold bars and coin for shipment abroad to-morrow from the sub-treasury at New York is the heaviest withdrawal for some time, and surprised treasury department officials, who did not expect any withdrawal on account of prevailing conditions unfavorable to shipment. Of the amount withdrawn \$1,700,000 was in bars, and \$1,000,000 in coin. The officials think the bars are going to Russia or Austria.

To Boston By Sea.

Merchants and Miners steam ships leave Norfolk, Va., on Tuesdays, Thursdays and Saturdays for Boston via Providence and on Mondays, Wednesdays and Fridays for Boston direct; forty-two hours on the ocean. For excursion rates apply to agents Big Four and C. and O. railways, or address W. P. Turner, G. P. A., Baltimore, Md.

Unsurpassed Ocean Trip.

Old Dominion steam ships leave Norfolk, Va., for New York daily at 7:30 p.m., after arrival of C. and O. trains from the West. Magnificent ships; twenty hours on the ocean. For round trip rates address W. L. Guillandau, pier 26, North river, New York, N. Y.

Few Appreciate the Dangers

to which the expectant mother is exposed ere she presses to her heart her babe, and the dread with which she looks forward to the hour of approaching motherhood. By the use of

"Mother's Friend"

the body is made to yield pleasantly and without internal protest to the change it is undergoing. Headache and nausea are dispelled, the depressed and nervous feeling yields to one of pleasurable expectation. Danger to life of both mother and child is avoided, and she passes through the ordeal quickly and her recovery is rapid.

"I know one lady, the mother of three children, who suffered greatly in the birth of each, who obtained a bottle of "Mother's Friend" of me before her fourth confinement, and was relieved quickly. All agree that their labor was shorter and less painful." JOHN G. POLHILL, Macon, Ga.

Sent by Mail, on receipt of price, \$1.00 per bottle. Book TO EXPECTANT MOTHERS—MAILED FREE.
